## Konfiguration des Info-Banners

Der Banner folgt den Inhalten, die sich auf dieser Seite im Wiki befinden:

<https://wiki.aktivismus.org/books/movementwiki-infos/page/banner-content>. Der Inhalt wird allerdings **gecached** und Änderungen werden daher ggf. erst nach bis zu 10 Minuten übernommen.

Um keinen Banner anzuzeigen, reicht es, die `Banner Content` - Seite leer zu lassen.

Auf der `Banner Content` - Seite lässt sich ein HTML-Layout hinterlegen, das den Nutzenden dann in Form eines Banners angezeigt wird. Hier ein Beispiel:

The screenshot shows the MovementWiki homepage. At the top, there is a navigation bar with the MovementWiki logo, a search bar, and links for 'Regale', 'Bücher', and 'Anmelden'. Below the navigation bar, there is a custom banner for 'RAZ IT-Hilfe ist jetzt online'. The banner contains the text: 'Neben dem Rechtshilfe-Wiki haben die Menschen von der RAZ e.V. jetzt auch ganz viele Informationen zum Thema IT-Hilfe zusammengetragen. Schaut gerne mal rein.' and a 'Zum Buch' button. To the right of the banner, there is a 'Herzlich Willkommen!' message with the text: 'Schön, dass du das MovementWiki gefunden hast.' and a link to 'Büchern'. Below the banner, there is a 'Kürzlich angesehene Bücher' section with a list of books: 'MovementWiki Infos', 'RAZ Rechtshilfe', 'Rostock for Future', and 'Pfefferspray'. On the right side, there is an 'Aktionen' section with links for 'Details zeigen/verstecken' and 'Dunkler Modus'. At the bottom right, there are language selection buttons for 'DE' and 'EN'.

# Configuration of the Info Banner

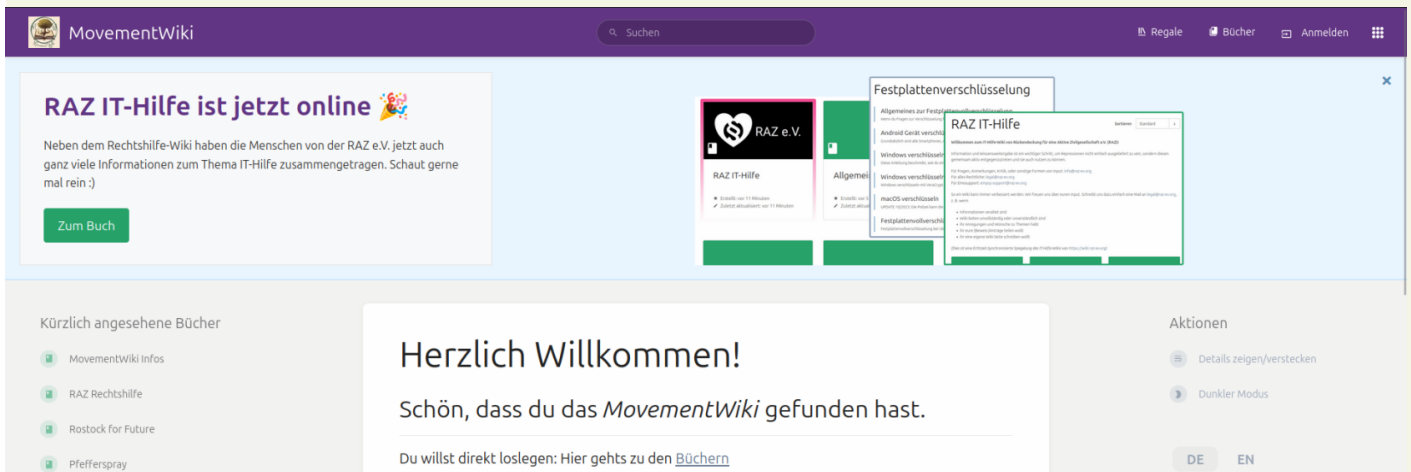

The banner follows the content that is on this page in the wiki:

<https://wiki.aktivismus.org/books/movementwiki-infos/page/banner-content>. However, the content

is **cached** and changes may only be applied after up to 10 minutes.

In order not to display a banner, it is sufficient to leave the `Banner Content` page empty.

An HTML layout can be stored on the `Banner Content` page, which is then displayed to the user in the form of a banner. Here is an example:

```
<style>
  .custom-banner-container {
    display: flex;
    align-items: stretch; /* This ensures both columns have the same height */
    gap: 2rem; /* The space between the columns */
  }

  .custom-banner-content {
    /* The left column for text */
    background-color: #f8f9fa;
    border: 1px solid #e2e2e2;
    /* CHANGED: Reduced vertical padding */
    padding: 1.5rem 2rem;

    /* This sets the width ratio to 1/3 on desktop */
    flex: 1;

    display: flex;
    flex-direction: column;
    justify-content: center;
  }

  .custom-banner-image-wrapper {
    /* The right column for the image */
    /* This sets the width ratio to 2/3 on desktop */
    flex: 2;

    position: relative;
  }

  .custom-banner-image-wrapper img {
    position: absolute;
    top: 0;
    left: 0;
    width: 100%;
  }
</style>
```

```

        height: 100%;
        object-fit: contain;
    }

    /* --- Content and Button styles remain the same --- */
    .custom-banner-content h2 {
        color: #613583;
        font-size: 2.2rem;
        margin-top: 0;

    }

    .custom-banner-content p {
        color: #333;
        font-size: 1rem;
        /* CHANGED: Reduced space below the paragraph */
        margin-bottom: 1rem;
    }

    .custom-banner-content .button.positive {
        background-color: #26A269;
